

NOTE NAMES

The language of music is easy and makes sense if you can begin to memorize note names and see the pattern used with the alphabet.

Strategy:

1. Say the sentences for line and space note names to yourself.
2. Visualize the staff and how it is numbered from bottom to top.
3. Decide the name of each note asked for in the questions below. Write the letter name of the note in the blank space.
4. Look back at past lessons for help if you need it.

In your clef, what is the letter name of the note on the:

2nd space _____

1st line _____

4th space _____

2nd line _____

1st space _____

5th line _____

3rd space _____

3rd line _____

Decide where the following notes would be placed on the staff. Circle the correct number and the word "line" or "space".
