

SIXTEENTH NOTES & RESTS

Strategy:

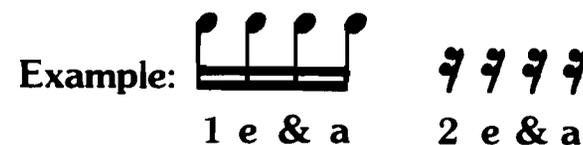

Sixteenth notes can be written with beams or flags. We learned this was also true of eighth notes. Sixteenth notes and rests have two beams or flags:

Example:

Sixteenth notes and rests are counted with one number and three syllables.

When they are in groups of 4, the number always comes first:

1. To practice counting sixteenth notes and rests, look carefully at the 1st line of music below.
2. Write the counts under each note and rest in the 2nd line of music. Look at line 1 if you need help.
3. Write the counts under line 3 on your own.

CHECK-UP:

1. Sixteenth notes can be written with a _____ or _____.
2. An eighth note () has _____ beam or flag, and a sixteenth note () has _____ beams or flags.
(number)
3. Sixteenth notes () or rests () are counted with one _____ and _____ syllables.
4. Tap, count and sing or play the rhythms above. Keep a steady pulse.
