

## COUNTING RHYTHM EIGHTH NOTES & RESTS

An **eighth note** looks like a quarter note with a flag added to the stem. It is played or sung only **half as long as a quarter note**. Two eighth notes equal one quarter note: 

Eighth note flags can be connected to form a **beam**:  

Eighth notes are counted: **1 and** or **1 and 2 and**

## CHECK-UP:

1. Change these quarter notes into eighth notes by drawing flags on their stems:

Example:

2. One eighth note (  ) is played or sung only \_\_\_\_\_ as long as a quarter note.
3. Eighth note flags can be connected to form a \_\_\_\_\_.
4. Two \_\_\_\_\_ notes equal one quarter note (  ).
5. Tap and count the above lines of rhythm.
