

# 17 LEARNING GOAL

Name \_\_\_\_\_  
 Date \_\_\_\_\_  
 Score \_\_\_\_\_

## NOTE NAMES

It is important that you memorize where notes are on the staff for your clef, and **memorize note names by letter**.

A sentence with each word beginning with the note name letter may help you memorize the names of line notes and space notes.

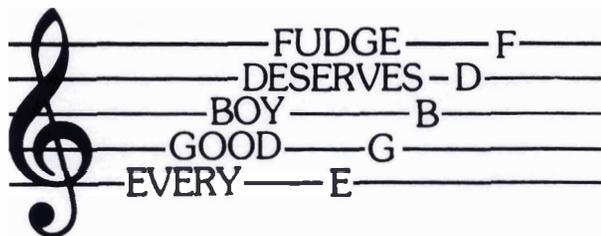

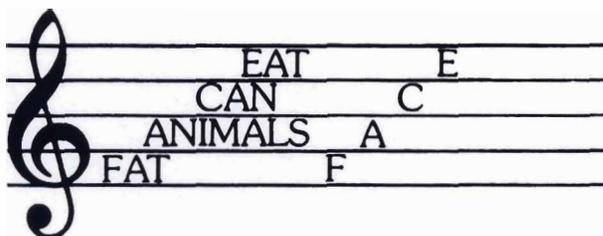

There is a **separate sentence** for all line notes from bottom to top and for space notes from bottom to top.

### Strategy:

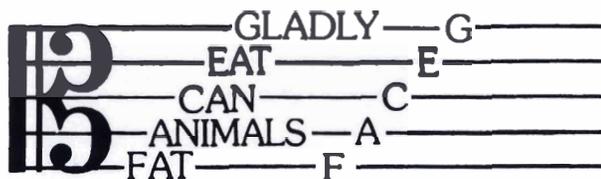

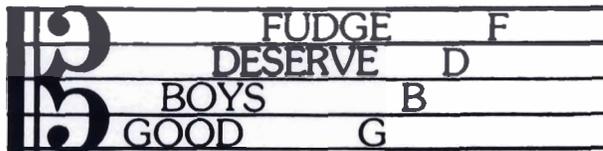

1. Find the clef for your instrument or voice.
2. Draw a circle around your clef with your pencil.
3. On the blank space beside each letter, copy the word and sentence for each line and space note name.
4. Do **only** the section for **your clef**.

Sentences for each clef sign are NOT the same.

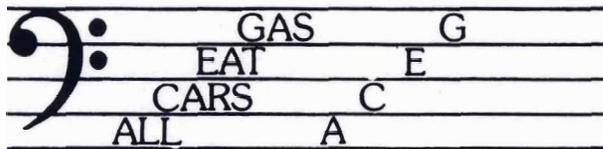

TREBLE CLEF:

ALTO CLEF:

BASS CLEF:

## CHECK-UP:

1. Read each sentence for line notes and space notes to yourself three times.
2. See if you can repeat each sentence to yourself by memory.
3. Can you name the notes on all lines and all spaces by thinking of these sentences? \_\_\_\_\_
4. Try to visualize or see the names of the notes on the staff in your mind.
